Background

- A The RE wishes to establish a managed investment scheme to be called Waypoint REIT Trust.
- B The RE intends that the Scheme be admitted to the Official List.
- C The RE is to be the Scheme's first Responsible Entity.
- D This deed is the constitution of the Scheme.

The parties agree

1. Definitions and interpretation

1.1 Definitions in the Dictionary

A term or expression starting with a capital letter:

- (a) which is defined in the Dictionary in **Schedule 1 (Dictionary)**, has the meaning given to it in the Dictionary; and
- (b) which is defined in the Corporations Act, but is not defined in the Dictionary, has the meaning given to it in the Corporations Act. Where the expression has more than one meaning in the Corporations Act and a provision of the Corporations Act deals with the same matter as a clause of this deed, that expression has the same meaning as in that provision.

1.2 Interpretation

The interpretation clauses in Schedule 1 (**Dictionary**) set out rules of interpretation for this deed.

1.3 Conflicts

For the purposes of this deed, if the provisions of the Corporations Act and the Listing Rules, ASX Settlement Operating Rules or this deed, conflict on the same matter, the provisions of the Corporations Act prevail to the extent applicable.

1.4 Listing Rules and ASX Settlement Operating Rules

At all times while the Scheme is not Listed, a provision of this deed subject to or in any way restricted by the Listing Rules or the ASX Settlement Operating Rules is to be construed as if the provision were not expressed to be subject to or restricted by the Listing Rules or the ASX Settlement Operating Rules.

1.5 Stapling provisions

- (a) If there is an inconsistency between any Stapling Provision and any other provision of this deed, then the Stapling Provision prevails to the extent of the inconsistency, except where this would result in a breach of the Listing Rules, the ASX Settlement Operating Rules, the Corporations Act or any other law. The Stapling Provision prevails in this way, even if such other provision is expressed to apply notwithstanding any other provision of this deed.
- (b) Where the Stapling Provisions do not apply or cease to apply, a provision of this deed that relates to, or is connected with, Stapling will continue to apply to the extent that the provision does not relate to Stapling.
- (c) Stapled Units are intended to be Stapled to Attached Securities in a ratio of one to one. It is the intention of the Responsible Entity (and as more specifically set out in this deed) that for as long as the Stapling Provisions apply:
 - (i) Waypoint REIT Ltd ordinary shares will be Attached Securities;
 - (ii) the Members holding Units shall be the holders of Attached Securities;
 - (iii) as far as the law permits, a Unit and its Attached Securities shall be treated as one security; and
 - (iv) no issue or transfer of a Unit is to occur without the corresponding Attached Securities also being issued or transferred (as applicable) at the same time and to the same person.

2. Scheme Deed

The Responsible Entity acknowledges and declares that it accepts the trust created by this deed and agrees to be bound by the same and the other terms and conditions contained in this deed for the benefit (to the extent provided) of the Members and that it shall hold the Scheme Property upon trust absolutely for the Members subject to the provisions of this deed.

3. The Scheme

3.1 Name of Scheme

The Scheme is called Waypoint REIT Trust or such other name the Responsible Entity may from time to time determine.

3.2 Change of name on the Responsible Entity's retirement or removal

- (a) If the Responsible Entity retires or is removed and the name of the Scheme implies an association with the Responsible Entity or its business, the incoming Responsible Entity must, unless otherwise approved by the outgoing Responsible Entity, change the Scheme's name to a name that does not imply the association.
- (b) The incoming Responsible Entity must change the Scheme's name within 7 days (or any longer period approved by the outgoing Responsible Entity) after the outgoing Responsible Entity retires or is removed.
- (c) Subject to the Corporations Act, this clause 3.2 can only be amended or deleted upon the Responsible Entity giving its consent in writing to the proposed amendment or deletion before the amendment is made.

3.3 Responsible Entity as trustee and responsible entity

The Responsible Entity is and agrees to act as the trustee of the Scheme and, if the Scheme is Registered, the responsible entity of the Scheme for the purposes of the Corporations Act.

3.4 Deed binding

This deed is the constitution of the Scheme for the purposes of the Corporations Act and it binds the Members and the Responsible Entity.

3.5 Scheme Property held for Members

The Responsible Entity holds, and declares that it holds, the Scheme Property on trust for the Members.

3.6 Separate fund

The Responsible Entity must hold the Scheme as a separate fund which is not available to meet liabilities of any other trust. The Responsible Entity may mingle Scheme Property with other property to the extent legally permitted.

3.7 Holding of Scheme Property

Scheme Property must be held:

- (a) by the Responsible Entity; or
- (b) if required by law or the Responsible Entity thinks it necessary or desirable, by a custodian appointed by the Responsible Entity or a sub-custodian appointed by the Responsible Entity's custodian.

3.8 Custodian holding Scheme Property

The custodian of any Scheme Property must hold it either:

- (a) directly in its name or that of its sub-custodian; or
- (b) indirectly by any asset title, transfer or holding system (including a Securities System) approved by the Responsible Entity.

3.9 Vesting

The Scheme Property vests in the Responsible Entity on trust for the Members.

4. Duration of Scheme

4.1 Establishing the Scheme

The Scheme is established when Units are first issued.

4.2 Duration

The Scheme will end on the earlier of the time provided by this deed or as required by law.

4.3 Termination by the Responsible Entity or Members

If, subject to the Corporations Act and the Listing Rules:

- (a) while the Scheme is not Registered, at a meeting of Members duly convened by notice given by the Responsible Entity to all Members, a resolution is carried by a majority of not less than 75 per cent of the total votes of those entitled to vote on the resolution to the effect that the Scheme shall be terminated;
- (b) while the Scheme is Registered, the Scheme is terminated by Members in accordance with the Corporations Act; or
- (c) the Responsible Entity gives written notice to the Members that the Scheme shall be terminated,

then the Scheme shall be terminated.

4.4 No dissolution

Notwithstanding any other provision of this deed, the death, insanity, bankruptcy, retirement, resignation or expulsion of a Member or of the Responsible Entity will not of itself cause or result in the dissolution or termination of the Scheme.

4.5 Action on termination

Upon the termination of the Scheme, the Responsible Entity shall wind up the Scheme in accordance with clause 37.

5. Units

5.1 Beneficial interest

The beneficial interest in the Scheme Property is divided into Units.

5.2 Rights of Members

- (a) A Unit confers on its holder an undivided absolute, vested and indefeasible beneficial interest in the Scheme Property as a whole, subject to Scheme Liabilities. It does not confer on a Member an interest in any particular Scheme Property.
- (b) All Units confer identical interests and rights except as otherwise provided in this deed. In the case of conflict, the interests of Members holding Units will prevail over the interests of holders of Options.

5.3 Consolidation, division and issue of Units

- (a) The Responsible Entity may at any time consolidate, divide, issue or create Units.
- (b) The Responsible Entity may at any time issue different classes of Units having attached to them such preferred, deferred or other rights, restrictions and obligations as the Responsible Entity thinks fit provided that in doing so, where Stapling applies, clause 21 is complied with. To the extent that those rights, restrictions and obligations relate to matters other than those matters prescribed by section 601GA of the Corporations Act, those rights, restrictions and obligations will prevail to the extent of any inconsistency with the terms of this deed and this deed will be read subject to them.

5.4 **Members not to interfere**

A Member may not interfere with, or exercise powers of, the Responsible Entity in respect of any Scheme Property, Scheme Liability or obligation and has no right to lodge a caveat affecting any Scheme Property.

5.5 **Joint holders**

If the Register names two or more joint holders of a Unit, they are taken to hold the Unit as joint tenants with the benefits of survivorship and the person listed first in the Register is the only joint holder entitled to receive notices from the Responsible Entity, subject to the following provisions:

- (a) the Responsible Entity is not bound to register more than three of those persons as joint holders of the Unit, except where otherwise required under the ASX Settlement Operating Rules;
- (b) each of those persons and their respective legal personal representatives are liable severally as well as jointly for all payments, including calls, which ought to be made in respect of the Unit;
- (c) subject to paragraph (b), on the death of any one of them the Responsible Entity is entitled to recognise the survivor or survivors as the only person or persons who have any title to the Unit;
- (d) any one of those persons may give effective receipts for any distribution or payment in respect of the Unit;
- (e) any one of them may appoint a proxy in respect of the Unit;
- (f) when the Corporations Act requires the number of Members to be counted, they are to be counted as one Member; and
- (g) if the Unit is held as a Certificated Holding, the Responsible Entity is not bound to issue more than one Certificate for the Unit and delivery of a Certificate to any one of those persons is sufficient delivery to all of them.

5.6 **Rounding**

Where any calculation done in relation to a Unit and in accordance with this deed or the Corporations Act would otherwise result in the issue or withdrawal of a fraction of a Unit:

- (a) the number of Units to be issued or withdrawn must be rounded down or up respectively to the nearest whole number, or to such number of decimal places as the Responsible Entity determines; and
- (b) the excess Application Money or other property which results from rounding becomes Scheme Property.

5.7 **Listing**

Unless Members determine otherwise by Special Resolution, the Responsible Entity must use its best endeavours to ensure that the Units are Listed on the Official List (including, where applicable, as part of Stapled Securities) and that, subject to the rights, obligations and restrictions attaching to any Units, such Listing is maintained and that Units are quoted as Stapled Securities. Notwithstanding any other provision of this deed, the Scheme will at all times

remain as a separate entity and be separately admitted to the Official List, and Units and Attached Securities will at all times retain their legal status as separate securities.

5.8 Treatment of applicants

An applicant for Units in the Scheme acquires an interest in the Scheme on the earlier of the date on which the applicant becomes a Member and the date on which that applicant is entered on the Register as the holder of Units.

6. Distributions

6.1 Determining Distributable Income

- (a) The Responsible Entity may determine the Distributable Income of the Scheme for each Distribution Period.
- (b) If no determination is made or to the extent to which no determination is made under clause 6.1(a) on or before the last day of the Distribution Period and the Scheme is not an AMIT, then the Distributable Income for that Distribution Period is equal to the Net Taxable Income for the Distribution Period, unless Net Income exceeds Net Taxable Income, in which case, the Distributable Income shall be the Net Income for that Distribution Period.
- (c) If no determination is made or to the extent to which no determination is made under clause 6.1(a) within 3 months of the end of the Financial Year and the Scheme is an AMIT, then the Distributable Income for that Distribution Period is the sum of the Trust Components for that Distribution Period reduced by any amounts representing either or both franking credits and foreign tax offsets.

6.2 Determining Member's Distribution Amount

Subject to the rights attached to any particular Unit and clause 11, a Member's **Distribution Amount** for a Distribution Period is the amount determined by the Responsible Entity using the formula:

$$\frac{\text{Distributable Income of the Scheme for the Distribution Period} \times \text{Unit Equivalent}}{\text{Units on Issue}}$$

where the Unit Equivalent and the Units on Issue, are determined as at 5:00 pm (local time in the place where the Register is kept) on the Distribution Date or such other hour on that date as the Responsible Entity determines.

6.3 Member's present entitlement to Distribution Amount

Subject to the rights attached to any particular Unit and to this deed, immediately before the end of the Distribution Period each Member on the Register at 5.00pm (local time in the place where the Register is kept) on the Distribution Date or such other hour on that date as the Responsible Entity determines is presently and irrevocably entitled to its Distribution Amount for that Distribution Period and has a vested and indefeasible interest in its Distribution Amount for that Distribution Period.

6.4 Transfer of Distribution Amounts to distribution account

No later than 5 days before the distribution payment date, the Responsible Entity must transfer Members' Distribution Amounts for the relevant Distribution Period to a separate distribution

account to be held for the Members entitled to the Distribution Amounts. Once transferred, these amounts cease to be part of the Scheme Property.

6.5 Deductions that may be made from Distribution Amount

The Responsible Entity may deduct from a Member's Distribution Amount:

- (a) any fees or other amounts owing by the Member to the Responsible Entity; and
- (b) any amounts referred to in clause 34.6,

before paying the Member's Distribution Amount in accordance with clause 6.6 or reinvesting it to acquire Units in accordance with clause 6.7.

6.6 When Distribution Amount is paid

The Responsible Entity must pay the Member its Distribution Amount within 90 days after the relevant Distribution Date or any longer period allowed by law.

6.7 Reinvestment of distributions

Subject to clause 6.8, the Responsible Entity may decide whether to allow Members to reinvest all or some of any distribution (after deduction of any amounts referred to in clause 6.5) to acquire Units. If the Responsible Entity decides to allow reinvestment:

- (a) the Responsible Entity must notify Members of the procedure for reinvestment and any changes to the procedure within 10 Business Days of such decision or change;
- (b) if reinvestment applies, the Responsible Entity is taken to have received and accepted an application to reinvest distributions, and the relevant Application Money, immediately before the Cut-Off Time on the relevant Distribution Date; and
- (c) the Issue Price payable for each additional Unit upon reinvestment is the Issue Price on the first Business Day after the end of the Distribution Period to which the distribution relates.

6.8 Reinvestment while Stapling applies

While Stapling applies:

- (a) no reinvestment of distributions may occur unless, contemporaneously with the reinvestment in additional Units, the Member subscribes for or purchases an additional number of Attached Securities which, when issued or acquired, are Stapled to the additional Units;
- (b) the Responsible Entity may make provision for, and make payment of, the subscription and purchase price for such Attached Securities out of the distribution, income or other available monies (as applicable) which is otherwise available for reinvestment;
- (c) if the amount to be reinvested in additional Stapled Securities results in a fraction of a Stapled Security, the money representing the fraction may be paid to the Member or held for future reinvestment in the Scheme and the Stapled Entity in such proportions as the Responsible Entity and the Stapled Entity may determine;

- (d) whenever under this deed or by law money is held on behalf of a Member for future reinvestment, the money so held may be aggregated and on each occasion which the aggregated amount equals the Issue Price of a Unit, the amount will be applied to purchase a new Unit for Issue to the Member; and
- (e) a new Unit may not be so purchased until the reinvested money is sufficient for, and is applied to, a subscription for or purchase of the Attached Securities which are then Stapled to the Unit.

6.9 Income held over to next Distribution Period

The Responsible Entity may treat an item of income received or accrued during a Distribution Period as having accrued in the next Distribution Period, but only if it is not practicable to deal with it in the first Distribution Period.

6.10 Income not received

If an amount included in the Distributable Income of the Scheme for a Distribution Period is not actually received during that Distribution Period, the Responsible Entity may set it off against the income for a later Distribution Period and make appropriate adjustments to payments and entitlements.

6.11 Transfer of capital to enable minimum distribution of net income

In respect of a Distribution Period, the Responsible Entity may transfer capital to the distribution account to enable distribution to Members of an amount at least equal to the Net Taxable Income of the Scheme for that Distribution Period.

6.12 Interim distributions of income

The Responsible Entity may at any time make an interim distribution of income of the Scheme to the Members. If it does:

- (a) the Responsible Entity must specify a date as the Distribution Date; and
- (b) this clause 6 applies to the interim distribution as if it were a distribution of Distributable Income.

6.13 Capital distributions

The Responsible Entity may at any time distribute capital of the Scheme to the Members. Subject to the rights attached to any particular Unit, a person is entitled to the same portion of the capital as if it were Distributable Income. Subject to the terms of this deed, the capital may be distributed in Cash, in non-Cash assets or by way of additional Units.

6.14 Determination whether capital or income

The question of whether an amount is capital or income is to be determined by the Responsible Entity in its sole and absolute discretion.

6.15 Distribution statements to be sent out

The Responsible Entity must cause a distribution statement for each Distribution Period to be sent to the Members.

6.16 Scheme taxed as a company

If and so long as the Scheme is, for any reason (including if it is a public trading trust for the purposes of Division 6C of Part III of the Income Tax Assessment Act 1936 (Cth)) to be taxed in a similar manner to a company, the Responsible Entity may take any steps it reasonably considers necessary to comply with the law and the following applies:

- (a) Members do not have a vested and indefeasible interest in a share of the Distributable Income at the end of a Distribution Period;
- (b) a distribution from the Responsible Entity to a Member will be paid from the after tax income of the Scheme;
- (c) distributions paid under paragraph (b) will be determined in accordance with clause 6.2; and
- (d) the Responsible Entity may choose when to make distributions of profits, income, capital or any taxation or franking credits that have become available in relation to the Scheme.

6.17 Reserves

The Responsible Entity may make any provisions or reserves of amounts that the Responsible Entity determines proper for the purposes of the Scheme and, if the Responsible Entity so determines, an item of income received or receivable in a Distribution Period may be treated as having been received in a different Distribution Period and an expense paid or payable in an Distribution Period may be treated as having been paid in a different Distribution Period.

7. Application for Units

7.1 Application for Units

- (a) Unless the Responsible Entity determines otherwise, to be valid, an application for Units must be:
 - (i) in writing, in a form approved by the Responsible Entity;
 - (ii) while Stapling applies in respect of Units, at the same time, include an application for an identical number of Attached Securities;
 - (iii) if required by the Responsible Entity or law, signed by or for the applicant;
 - (iv) accompanied by the Application Money or a transfer in respect of an asset other than Cash; and
 - (v) lodged with the Responsible Entity or its custodian or agent at a place fixed by it for that purpose.
- (b) If approved by the Responsible Entity, the application may be lodged with the Responsible Entity electronically.

7.2 Payment in kind

A person intending to subscribe for Units may only transfer an asset (other than money) to pay for those Units, if the:

- (a) Responsible Entity permits;
- (b) asset is in a form permitted by the Responsible Entity; and
- (c) asset is accompanied by a valuation that is acceptable to the Responsible Entity.

7.3 Uncleared Funds

- (a) An issue of Units is void if:
 - (i) the Application Money is not in cleared funds or subsequently cleared within 5 Business Days of receipt (or such longer period determined by the Responsible Entity); or
 - (ii) the transfer of the asset (as required by clause 7.2) is not effective or the asset is not transferred free of encumbrances.
- (b) Where an issue of Units is void by the operation of clause 7.3(a)
 - (i) the Units are deemed for all purposes not to have been created or issued; and
 - (ii) the Responsible Entity may cause the Register to be rectified.

7.4 Responsible Entity may adjust

The Responsible Entity or custodian may make adjustments for Taxes and Application Transaction Costs incurred in receiving, and in calculating the value of, consideration for Units.

7.5 Separate bank account

The Responsible Entity or custodian may hold application money for Units in a single account containing application money for one or more trusts or bodies corporate.

7.6 Responsible Entity may set investment minimums

Subject to the Corporations Act, and, if applicable, the Listing Rules, the Responsible Entity may determine a minimum application amount and a minimum holding for the Scheme, expressed in either or both dollar terms and number of Units, and alter or waive those amounts at any time or determine that a different minimum application amount or Minimum Holding will apply for one or more applicants or Members.

7.7 Amount or value of consideration for Units

The amount or value of the consideration for Units on application must equal or exceed any minimums set under clause 7.6 except if the:

- (a) consideration is paid by the Responsible Entity on behalf of a Member; or
- (b) Responsible Entity elects to accept lower consideration subject to any requirements under ASIC Class Order 03/217 or any other applicable ASIC Instrument.

7.8 Responsible Entity may reject applications

- (a) The Responsible Entity may reject an application for Units without giving a reason.

- (b) While Stapling applies, the Responsible Entity must reject an application for Units in a class which are Stapled if the applicant does not apply for an identical number of Attached Securities and if an identical number of Attached Securities will not be issued to the applicant at the same time as the Units.

7.9 What happens to rejected applications

- (a) If the Responsible Entity rejects an application for Units, it must:
 - (i) give the applicant written notice of the rejection; and
 - (ii) cause an amount equal to the Application Money (less any Taxes and bank fees in connection with the application and any other amounts arising out of prior disclosure to the applicant) to be paid back to the applicant.
- (b) Where Stapling applies, the Responsible Entity may take any action contemplated by paragraph (a) where a Stapled Entity rejects an application for an Attached Security.

7.10 Issue of Units

Units are created and issued when the Responsible Entity has agreed to accept the Application (if relevant) and has received either the consideration or a commitment in a form acceptable to the Responsible Entity to provide the consideration. Units issued against consideration paid other than in cleared funds are void if the funds are not subsequently cleared in accordance with clause 7.3 or the consideration is not provided or transferred at or within the time specified by the Responsible Entity.

7.11 When Units are issued

A Unit is taken to be issued on the earlier of the date on which the applicant becomes a Member and the date on which the name of the person to whom it is issued is entered in the Register as the holder of the Unit.

7.12 Overseas Unit Members

Subject to the Listing Rules and any applicable ASIC Instrument, the Responsible Entity may, in relation to an offer of Units to Members, elect to offer Units only to Members with registered addresses in Australia and New Zealand and such other countries (if any) as the Responsible Entity determines, and for the purposes of this deed, such offer will be deemed to have been made to all relevant Members.

8. Issue

8.1 Issue Price

Subject to any rights, obligations and restrictions attaching to any particular Unit in accordance with clause 5.2(b), a Unit must only be issued:

- (a) in the case of the issue of the first Units, at \$1.00 per Unit;
- (b) as determined by the Responsible Entity in accordance with ASIC Class Order 13/655 or any other ASIC Instrument;
- (c) at an Issue Price (which may be nil) determined by the Responsible Entity in relation to some or all Units issued under an Equity Incentive Plan, subject always to compliance with Relevant Law;

- (d) in relation to the Viva Energy Offer Units, at the VEOS Price;
- (e) in relation to the Viva Energy REIT IPO, at the IPO Offer Price;
- (f) where the Scheme is Listed, and Units do not form part of Stapled Security, subject to paragraphs (a), (b) and (c), at the Market Price;
- (g) where the Scheme is Listed, and Units form part of Stapled Security, subject to clauses (a), (b) and (c), at a price determined by the Responsible Entity provided that the aggregate of the Issue Price of that Unit and the issue price of each Attached Security is equal to the Market Price for Stapled Securities; or
- (h) where the Scheme is not Listed, subject to clauses (a), (b) and (c), in accordance with the following formula:

$$\frac{\text{Net Scheme Value} + \text{Application Transaction Costs}}{\text{Units on Issue}}$$

Units on Issue

8.2 Market Price

- (a) In this clause 8.2, **Interest** means:
 - (i) where a Unit does not form part of a Stapled Security, a Unit; and
 - (ii) where a Unit forms part of a Stapled Security, a Stapled Security.
- (b) The Market Price for an Interest on a particular Business Day means:
 - (i) the weighted average traded price for an Interest for all sales on ASX for the period of 10 Business Days ending on the relevant Business Day (whether or not a sale was recorded on any particular day) provided however that if the Interest to be offered or issued will be offered or issued ex distribution and the weighted average traded price is for an Interest cum distribution, the Market Price will be reduced by the amount of that distribution (with corresponding adjustments made to the extent some but not all sales included in the weighted average traded price were for Interests cum distribution); or
 - (ii) if a reputable investment bank or independent adviser as referred to in paragraphs (c) or (d) below determines that a measure of Market Price determined in accordance with paragraphs (c) or (d) below is a more appropriate measure of Market Price, that other measure will be adopted.
- (c) **Bookbuild:** The price obtained pursuant to a bookbuild arranged by a reputable investment bank with experience in arranging bookbuilds in the Australian equity market, provided that:
 - (i) the bookbuild is conducted in accordance with normal market practice for bookbuilds;
 - (ii) the bookbuild is conducted by a bookrunner who holds appropriate qualifications and experience and is independent (and not an Associate) of the Responsible Entity;
 - (iii) the Responsible Entity provides written notice to the bookrunner of the amount to be raised and why the Responsible Entity considers that amount to be in the best interests of Members;

- (iv) the bookrunner certifies to the Responsible Entity that the price is fair for Members; and
- (v) the bookrunner certifies to the Responsible Entity that they have the requisite qualifications and expertise to conduct the bookbuild, that the bookbuild has been conducted in accordance with normal market practice, that the price is a fair issue price for the Interest and the following matters were in fact taken into account in determining the price:
 - (A) the nature and size of the proposed offer of Interests for which purpose the Issue Price of an Interest is being calculated;
 - (B) the circumstances in which the proposed offer of Interests will be made; and
 - (C) the interests of Members generally including balancing the dilutionary effect of any such issue against the desirability of a successful capital raising.
- (d) **Independent adviser:** An amount determined by an adviser who:
 - (i) is independent (and not an Associate) of the Responsible Entity; and
 - (ii) is qualified to determine and has relevant market experience in determining the issue price of interests in circumstances similar to those in which the determination of the price of the Interest is being made; and
 - (iii) certifies to the Responsible Entity that they have the requisite qualifications and expertise to determine the price, that the price is a fair issue price for the Interest and that the following matters were in fact taken into account in determining the price:
 - (A) the nature and size of the proposed offer of Interests for which purpose the Issue Price of an Interest is being calculated;
 - (B) the circumstances in which the proposed offer of Interests will be made; and
 - (C) the interests of Members generally including balancing the dilutionary effect of any such issue against the desirability of a successful capital raising.
- (e) If either of paragraphs (c) or (d) in this definition is held to be void, invalid or otherwise unenforceable, it is deemed to be severed from the remainder of this definition, which will remain in full force and effect, and Market Price must be calculated in accordance with the clause which is not deemed to be severed.
- (f) In respect of clause 8.2(b)(i), if the Responsible Entity considers the period of 10 Business Days to be inappropriate in the circumstances, it can extend or reduce the period or change the timing of the period.

8.3 Time for calculation

Except for the purposes of determining the Application Price for Units to be issued on the reinvestment of income for a Distribution Period (as set out in clause 6.7(c)), each of the variables in clause 8.1(h) must be determined as at the next Valuation Time after:

- (a) the Responsible Entity receives the application for Units; or
- (b) one of the following occurs:

- (i) the Responsible Entity receives the application money; or
- (ii) the application money is paid at the direction of the Responsible Entity; or
- (iii) the Property against which Units are to be issued is vested in the Responsible Entity,

whichever happens later.

8.4 Terms of pro rata issues

- (a) Any pro-rata offer for the issue of Units must specify the period during which it may be accepted and must be made to Members in proportion to the value of their respective Unit holdings on the date determined by the Responsible Entity being a date not being more than 30 days immediately prior to the offer. However, in the case of fractions, the Responsible Entity must offer the next higher whole number of Units. Any Member may renounce their entitlement in favour of some other person, unless the issue is expressed to be non-renounceable.
- (b) Any Units offered for subscription under a pro rata offer which are not subscribed for within the period for acceptance set by the Responsible Entity may be offered for subscription by the Responsible Entity to any person.
- (c) If any underwriter has underwritten a pro rata offer for subscription of Units, the underwriter may take up any Units not subscribed for by Members.

8.5 Apportionment of Issue Price while Stapling applies

- (a) If a Unit is to be issued as part of a Stapled Security and this deed contains a provision for the calculation or determination of the issue price for a Stapled Security but not for the Unit, the Responsible Entity must determine what part of the Issue Price of a Stapled Security is to represent the Issue Price of a Unit for the purposes of this deed.
- (b) Unless otherwise agreed between the Responsible Entity and the other Stapled Entities, the allocation is to be in the ratio that the net assets (adjusted for the net market value of its investments) of the Scheme and each Stapled Entity at the end of the relevant period immediately prior to the issue of the Stapled Security bears to the amount of the aggregate net assets (adjusted for the net market value of their investments) of the Scheme and each Stapled Entity at the end of the relevant period immediately prior to the issue of the Stapled Security.

8.6 Corresponding offer and issue of Units and Attached Securities

While Stapling applies, the Responsible Entity may not offer, allot or issue a Unit or any other unit in the Scheme of another class designated by the Responsible Entity as comprising part of a Stapled Security unless, at the same time, one of each of the Attached Securities is also offered, allotted or issued (as applicable) to the same person, to form a Stapled Security. This applies regardless of whether the Units are allotted or issued upon the exercise of an option, under a rights issue, plan for the reinvestment of dividends or distributions or otherwise.

8.7 Restriction on issue and redemption of Units

No Units may be issued after the 80th anniversary of the day the Scheme commenced if to do so would cause a contravention of an applicable rule against perpetuities or any other applicable rule of law or equity.

8.8 Capital Reallocation

- (a) If at any time, a Stapled Entity makes a capital payment to the Responsible Entity as a capital reallocation amount, each Member is:
 - (i) taken to have directed the Responsible Entity to accept that capital reallocation amount; and
 - (ii) the Responsible Entity must apply that amount as an additional capital payment in respect of each Unit which is stapled to a security of the Stapled Entity making the capital payment equally in respect of each Unit.
- (b) The Responsible Entity may at any time make a capital payment to a Stapled Entity as a capital reallocation amount on behalf of each Member provided that:
 - (i) the constitution of the Stapled Entity contains provisions to the effect of those in clause 8.8(a); and
 - (ii) the Responsible Entity is satisfied that the capital payment will be applied as an additional capital payment in respect of each Stapled Security to which a Unit is stapled equally.

9. Partly Paid Units

9.1 Terms of issue

The Responsible Entity may issue Partly Paid Units subject to any rights, obligations and restrictions in accordance with clause 5.2(b).

9.2 Calls

Members holding Partly Paid Units must pay the amount of a Call made by the Responsible Entity in accordance with the terms and conditions of issue of the Unit.

9.3 Interest on late payment of Calls

- (a) Subject to paragraph (b), if a Call in respect of a Partly Paid Unit is not paid on or before the day fixed for payment, (which date must not be less than 14 days after the date on which the Call is made) the holder of the Partly Paid Unit is liable to pay interest at the Default Interest Rate on the amount due but unpaid (the interest to accrue for the benefit of the Scheme) from the day fixed for the payment to the time the Responsible Entity actually receives payment.
- (b) In circumstances where a Call in respect of a Partly Paid Unit is not paid on or before the day fixed for payment, and such non-payment is as a result of the relevant Member's non-receipt of a notice given in respect of a Call, the Member is not liable to pay interest as contemplated in paragraph (a) for such number of days that relate to the non-receipt of the notice.

9.4 Non-receipt of notice of Call

Non-receipt by a Member of a notice given in respect of a Call, or the accidental omission to give such a notice to a Member, does not invalidate the Call.

9.5 Deductions for unpaid Calls

If a Call in respect of a Partly Paid Unit is not fully paid on or before the date fixed for payment, then, until the Call is fully paid, the Responsible Entity may deduct or set off the unpaid amount (together with interest accrued and all costs and expenses incurred by the Responsible Entity because of the non-payment) from any amount payable to the Member in respect of the Unit.

9.6 Proceedings for recovery of Calls

In an action or other proceedings for the recovery of a Call, or interest or costs or expenses incurred in relation to the non-payment or late payment of a Call, proof that:

- (a) the name of the defendant is entered in the Register as the holder or one of the holders of the Unit in respect of which the Call is claimed;
- (b) the resolution making the Call is recorded in the minute book; and notice of the Call was given to the defendant in accordance with this deed, is conclusive evidence of the debt.

In this clause 9.6 "defendant" includes a person against whom a set-off or counter-claim is alleged by the Responsible Entity and "proceedings for the recovery of a Call" is to be construed accordingly.

9.7 Payments in advance of Calls

- (a) The Responsible Entity may accept from a Member the whole or a part of the amount unpaid on a Unit even though no part of that amount has been Called.
- (b) The Responsible Entity may pay interest upon the whole or any part of an amount accepted under clause 9.7(a), until the amount becomes payable, at a rate agreed between the Responsible Entity and the Member paying the amount.
- (c) The Responsible Entity may repay to a Member all or any of the amount accepted under clause 9.7(a).

9.8 Forfeiting Units

- (a) If a Call in respect of a Partly Paid Unit is not paid on or before the day fixed for payment, the Responsible Entity may, in its discretion, at any time thereafter before the payment of the amount of the Call, all interest accrued thereon and the costs and expenses incurred by the Responsible Entity because of non-payment, cause the Unit to be forfeited with effect from a date determined by the Responsible Entity.
- (b) A forfeiture under this clause 9.8 includes forfeiture of all distributions and other moneys payable to the Member in respect of the forfeited Unit and not actually paid before the forfeiture.
- (c) Where a Unit has been forfeited and the Stapling Provisions apply, the Member must simultaneously forfeit any Attached Security.

9.9 Entry on Register

If a Unit is forfeited under clause 9.8, the Responsible Entity must enter in the Register the fact of the forfeiture and its date.

9.10 Disposal of forfeited Units

A forfeited Unit may be sold (including to an Associate of the Responsible Entity) by the Responsible Entity in such circumstances as it considers appropriate provided that:

- (a) while the Scheme is Registered and Listed, such sale occurs in accordance with section 254(Q) (other than 254Q(1), (9) and (13)) of the Corporations Act; and
- (b) while the Scheme is Registered but not Listed, and subject to clause 7.4, such Unit is sold at an amount calculated in accordance with the following formula:

$$\frac{\text{Net Scheme Value}}{\text{Units on issue}}$$

9.11 Annulment of forfeiture

The Responsible Entity may, before a forfeited Unit is sold, annul the forfeiture on conditions it determines.

9.12 Transfer of forfeited Units

- (a) The Responsible Entity may, on a sale of a forfeited Unit, receive the selling price and effect, in the name of the Member whose Unit has been forfeited, a transfer of the Unit to the transferee.
- (b) When the transfer is effected, the transferee must be registered as the holder of the Unit and the transferee's title to the Unit is not affected by any irregularity or invalidity in connection with its forfeiture or sale.

9.13 Liability despite forfeiture

A Member whose Units have been forfeited is, despite the forfeiture, liable to pay the Responsible Entity, and must pay the Responsible Entity on demand, the amount unpaid and all other money payable under this clause 9.

9.14 Proceeds of sale

The net proceeds of a sale of forfeited Units under this clause 9 must be applied:

- (a) first, in payment of all the Responsible Entity's costs in relation to the enforcement of the lien or the forfeiture (as the case may be) and the sale (which may include a reasonable amount to recompense the Responsible Entity for the time spent by its employees and officers in connection with the matter);
- (b) secondly, in satisfaction of the amount of the unpaid Call and interest thereon; and
- (c) the residue (if any) must be paid to the person registered as the Member in respect of the Unit immediately before the sale.

10. Options

10.1 Issue of Options

Subject to the Corporations Act, the Listing Rules or this deed, the Responsible Entity may issue Options on whatever terms and conditions it determines from time to time.

10.2 Entitlement of Option

Subject to clause 10.4 and the terms of issue of the Option, each Option entitles the holder to apply for and be issued or transferred a Unit on payment of the relevant Issue Price payable on exercise of the Option to the Responsible Entity or as it directs.

10.3 Issue Price of Options

- (a) Subject to the Corporations Act and the Listing Rules, the **Issue Price** of an Option is whatever price the Responsible Entity determines, but if the Responsible Entity is unable or unwilling to make a determination, the Issue Price is zero.
- (b) The Issue Price of an Option must:
 - (i) be disclosed in the offer for subscription or sale;
 - (ii) be the same for each Option offered under an offer under clause 10.4;
 - (iii) on payment, form part of the Scheme Property; and
 - (iv) not form part of the exercise price if an Option Holder exercises an Option. **10.4 Offer of Options to all Members**
- (c) The Responsible Entity may (subject to the terms of any applicable ASIC Instrument) offer Options to those persons who were Members on a date determined by the Responsible Entity not being more than 20 Business Days immediately prior to the date of the offer, provided that:
 - (i) all Members are offered Options on a pro rata basis (whether or not the right of entitlement is renounceable) and the Options are of the same class; and
 - (ii) all Members are offered Options where the exercise price is the same and the means of working out the exercise price is set out in the terms of issue of the Option.
- (d) However, subject to compliance with Listing Rules and any applicable ASIC Instrument, the Responsible Entity is not required to offer Options under this clause 10 to persons whose address on the Register is in a place other than Australia and such other jurisdiction (if any) as the Responsible Entity may in its absolute discretion determine.

10.4 No repurchase of Options

The Responsible Entity need not repurchase any Option.

10.5 When an Option is issued

An Option is taken to be issued as at the time the person to whom it is issued is entered in the Register as the holder of the Option.

10.6 Transfer of Options

The provisions of clause 16 apply to the transfer of Options in such manner as the Responsible Entity reasonably determines.

10.7 Transmission of Options

The provisions of clause 18 apply to the transmission of Options in such manner as the Responsible Entity reasonably determines.

10.8 Exercise of Options

- (a) An Option may be exercised by the Option Holder completing and lodging with the Responsible Entity a notice of exercise of the Option in whatever form the Responsible Entity determines together with:
 - (i) the Option certificate (if any); and
 - (ii) payment of the exercise price.
- (b) Subject to the terms of their issue, the payment and issue or transfer of Options under this clause 10 will be dealt with by Responsible Entity as nearly as practicably in the same way as if the payment and issue or transfer were an application for Units under clause 7.

10.9 Option Holder's Interest

- (a) An Option does not confer on the Option Holder:
 - (i) any right to participate in any distribution of income or capital of the Scheme; or
 - (ii) any interest in the Scheme Property.
- (b) Option Holders are entitled to receive notices of Meetings, and to attend Meetings but, subject to the Corporations Act, are not entitled to speak or vote at any Meeting.

10.10 Lapse of Options

An Option lapses on the earliest of:

- (a) the date stipulated in the terms of issue of the Option;
- (b) the termination of the Scheme; or the winding up of the Scheme.

10.11 Redemption of Options

The provisions of clause 12 apply to the redemption of Options, with any necessary adaptations. The Withdrawal Price of an Option is to be determined under clause 11.

10.12 Corresponding Option over Attached Securities

While Stapling applies, the Responsible Entity may not offer or issue an Option unless, at the same time and on the same terms, an option over each of the Attached Securities is also offered or issued (as applicable) to the same person.

11. Withdrawal Price

11.1 Withdrawal Price

Subject to any rights, obligations and restrictions attaching to any particular Unit in accordance with clause 5.2(b), a Unit must only be redeemed at a price calculated in accordance with the following (**Withdrawal Price**):

- (a) as determined by the Responsible Entity in accordance with ASIC Class Order 13/655 or any other ASIC Instrument; or
- (b) subject to paragraph (a), in accordance with the following formula:

$$\frac{\text{Net Scheme Value} - \text{Withdrawal Provision}}{\text{Units on issue}}$$

11.2 Variables

Each of the variables in clause 11.1 must be calculated:

- (a) while the Scheme:
 - (i) is a registered scheme and is Liquid and is not admitted to the Official List; or
 - (ii) is not a registered scheme,

as at the close of business on the day before payment of the Withdrawal Price; or
- (b) while the Scheme is a registered scheme and is not Liquid, at the time the withdrawal offer closes.

11.3 Deducting other amounts from Withdrawal Amount

The Responsible Entity may deduct from the Withdrawal Amount payable to a Member any other amounts owing by the Member to the Responsible Entity and any amounts referred to in clause 34.6.

11.4 Responsible Entity's own funds

The Responsible Entity is not obliged to pay any part of the Withdrawal Amount payable to a Member out of its own funds.

11.5 Payment of Withdrawal Amount

The Responsible Entity may pay the Withdrawal Amount payable to a Member:

- (a) in Cash;
- (b) by transferring Scheme Property to the Member; or
- (c) a combination of both,

but in the case of clauses (b) or (c):

- (d) the value of the Scheme Property and the Cash paid (if any) must be equal to the Withdrawal Amount;
- (e) the value of the Scheme Property must be based on a valuation carried out within three months before the date of withdrawal of the relevant Units; and
- (f) any costs associated with the valuation and transfer of the Scheme Property are payable or can be reimbursed to the Responsible Entity out of the Scheme Property.

11.6 Income and capital

- (a) The Responsible Entity may determine at its absolute discretion that the Withdrawal Price paid to a Member on the withdrawal of Units comprises income as well as capital. If the Responsible Entity makes such a determination the Responsible Entity must notify the Member or the former Member of the composition of the Withdrawal Price. In the absence of such a determination, the Withdrawal Price will compromise capital only.
- (b) If the Withdrawal Price paid to a Member on the withdrawal of Units comprises any income, the Member shall be presently entitled to such income and shall continue to be presently entitled to such income notwithstanding the withdrawal of such Member's Units and the payment of the Withdrawal Price to the Member.

12. Withdrawal

12.1 Withdrawal Request

- (a) Subject to paragraph (b), a Member may make a Withdrawal Request in any manner approved by the Responsible Entity. While the Scheme:
 - (i) is a registered Scheme and is Liquid and is not admitted to the Official List; or
 - (ii) is not a registered Scheme,

the Responsible Entity is entitled, but not obliged, to give effect to that request in accordance with this clause 12.
- (b) A Member may not make a Withdrawal Request:
 - (i) while the Scheme is admitted to the Official List;
 - (ii) after a Meeting has been called to vote on a resolution to terminate the Scheme and before the vote has been taken;
 - (iii) after the Scheme is terminated; or
 - (iv) while the Scheme is being wound up.
- (c) A Member cannot withdraw a Withdrawal Request unless the Responsible Entity agrees.
- (d) A Member cannot deal with a Unit it has requested the Responsible Entity to withdraw unless and until the Responsible Entity determines not to redeem it.

12.2 Time of receipt

The Responsible Entity may determine that a Withdrawal Request received by the Responsible Entity after the Cut-Off Time on a Business Day or not on a Business Day will be taken to be received immediately before the Cut-Off Time on the next Business Day.

12.3 Order

Unless the Responsible Entity decides otherwise, the first Units issued to a Member are the first to be redeemed or (at the option of the Responsible Entity) repurchased.

12.4 When Units are redeemed

Units are taken to be redeemed at the time at which the Withdrawal Price is known and the redemption is recorded in the Register, and from that time until payment of the Withdrawal Price, the former holder of the redeemed Units ceases to be a Member in respect of those Units and is a creditor of the Scheme in respect of the redemption proceeds.

12.5 Withdrawal while the Scheme is registered and Liquid or not a registered scheme

Clauses 12.6 to 12.9 only apply while the Scheme:

- (a) is a registered Scheme and is Liquid and is not admitted to the Official List; or
- (b) is not a registered Scheme.

12.6 Withdrawal period and discretion

- (a) The Responsible Entity is entitled, but not obliged, to satisfy a Withdrawal Request in whole or in part. If the Responsible Entity decides to satisfy a Withdrawal Request in whole or in part, it must do so within 21 days after it decides to do so, or a longer period allowed by clause 12.7, by paying the Member the Withdrawal Amount from the Scheme Property and cancelling the Units by making an appropriate entry in the Register.
- (b) Without limitation to paragraph (a), the Responsible Entity may deny a Withdrawal Request:
 - (i) if the Withdrawal Amount or the number of Units to be withdrawn is less than the Minimum Withdrawal Amount, unless the Withdrawal Request is for all the Member's Units;
 - (ii) if, in the Responsible Entity's reasonable opinion, the Scheme will not be Liquid at the end of the withdrawal period for the request; or
 - (iii) if accepting the Withdrawal Request would cause the Scheme to cease to be Liquid.
- (c) If the Responsible Entity is not required to satisfy a Withdrawal Request, the Responsible Entity may redeem all or some of the Units the subject of the request.

12.7 Extension or delay of withdrawal period

- (a) If:
 - (i) the Responsible Entity has taken all reasonable steps to realise enough Scheme Property to satisfy a Withdrawal Request, but it has been unable to do so because of

something outside its control (for example, restricted or suspended trading in a market for Scheme Property); or

- (ii) due to circumstances beyond the reasonable control of the Responsible Entity, the Responsible Entity is unable to calculate or pay the Withdrawal Price or to fairly determine the Net Scheme Value,

then the Responsible Entity may deny a Withdrawal Request or extend the 21 day period allowed for satisfaction of a Withdrawal Request by the number of days during which such circumstances apply.

- (b) In relation to a withdrawal offer to which Part 5C.6 of the Corporations Act applies, the Responsible Entity must pay the withdrawal proceeds to the withdrawing Member or former Member within 21 days of the date on which the withdrawal offer closes.

12.8 Withdrawal where Member's holding less than Minimum Holding

- (a) If a Withdrawal Request is for some of the Member's Units to be withdrawn, but the Responsible Entity determines that, after withdrawal, the Member would have less than the Minimum Holding, the Responsible Entity may treat the Withdrawal Request as a request to withdraw all the Member's Units.
- (b) If at any time all Units held by a Member are less than the Minimum Holding, the Responsible Entity may redeem all the Member's Units without a Withdrawal Request.
- (c) If the Responsible Entity increases the Minimum Holding, the Responsible Entity may, after giving 30 days' notice to a Member who holds Units which in total are less than the Minimum Holding, redeem that Member's holding without the need for a Withdrawal Request.

12.9 Compulsory redemption

The Responsible Entity may redeem all or some of the Units held by a Member, without the need for a Withdrawal Request, in any of the following circumstances:

- (a) where this deed allows it (for example, under clauses 12.8(b), 12.8(c) or 12.12);
- (b) where the Responsible Entity considers it to be in the best interests of Members as a whole to do so;
- (c) where the Member has breached its obligations to the Responsible Entity;
- (d) to satisfy any amount of money due by the Member to the Responsible Entity (in its capacity as trustee of the Scheme);
- (e) to satisfy any amount of money the Responsible Entity (in its capacity as trustee of the Scheme) owes someone else in relation to the Member;
- (f) where the Responsible Entity suspects that the law prohibits the person from legally being a Member;
- (g) where the Responsible Entity has reasonable grounds to suspect that the Member does not meet, or is likely not to meet, any criteria for being a Member as determined from time to time by the Responsible Entity; or
- (h) the terms of issue contemplate the redemption.

For the purpose of calculating the Withdrawal Price of Units redeemed in accordance with this clause 12.9, the Responsible Entity is taken to have received a Withdrawal Request in relation to the relevant Units at the time the Responsible Entity determines to redeem the Units.

12.10 Withdrawal while the Scheme is a registered scheme and is not Liquid

- (a) This clause 12.10 only applies while the Scheme is a registered scheme and is not Liquid.
- (b) A Member's Units may be withdrawn in accordance with the terms of any current withdrawal offer made by the Responsible Entity in accordance with the provisions of the Corporations Act, and, if applicable, the Listing Rules, regulating offers of that kind. Otherwise, a Member has no right to have any of their Units redeemed.
- (c) The Responsible Entity may make a withdrawal offer to all Members or to all Members of a particular class.
- (d) The Responsible Entity may make a withdrawal offer by:
 - (i) publishing it (for example in a national newspaper or on the internet); or
 - (ii) giving a copy of it to all Members or all Members of a particular class (as applicable).
- (e) The Responsible Entity is not at any time obliged to make a withdrawal offer.
- (f) If the Responsible Entity receives a Withdrawal Request before it makes a withdrawal offer, it may treat the Withdrawal Request as an acceptance of the offer effective as at the time the offer is made.
- (g) A Member cannot withdraw its acceptance of a withdrawal offer, unless the Responsible Entity agrees.

12.11 Buy-back while Scheme is Listed

- (a) While the Scheme is admitted to the Official List, the Responsible Entity may, subject to and in accordance with the Corporations Act, any applicable ASIC Instrument and any requirements under the Listing Rules, purchase Units at a price determined in its discretion (such purchase being funded by the Scheme Property) and cause the Units to be cancelled.
- (b) If the Responsible Entity purchases Units pursuant to paragraph (a), the Responsible Entity may determine in its discretion that the buy-back price paid to a Member comprises income as well as capital. If the Responsible Entity makes such a determination the Responsible Entity must notify the Member or the former Member of the composition of the buy-back price. In the absence of such a determination, the buy-back will comprise capital only.
- (c) If the buy-back price paid to a Member on the purchase of Units pursuant to paragraph (a) by the Responsible Entity comprises any income, the Member shall be presently entitled to such income and shall continue to be presently entitled to such income notwithstanding the purchase of such Member's Units and the payment of the buy-back price to the Member.

12.12

Discretionary redemption by Responsible Entity

- (a) Subject to the Corporations Act, and, if applicable, the Listing Rules and any applicable ASIC Instrument, this clause 12.12 applies:

 - (ii) while the Scheme is Liquid or not Liquid; and
 - (iii) while the Scheme is admitted to the Official List and while it is not admitted to the Official List.
- (b) Subject to the Corporations Act, any applicable ASIC Instrument and, if applicable, the Listing Rules, the Responsible Entity may, in its absolute discretion, redeem some or all Units held by a Member or held by all Members (and may also redeem all or any Units in a class):
 - (i) provided that the Responsible Entity gives at least 30 Business Days' notice of its intention to redeem Units under this clause 12.12;
 - (ii) except that the Responsible Entity need not give notice under subparagraph (i), or may give shorter notice, if the Responsible Entity considers that the redemption is necessary:
 - (A) to comply with a law;
 - (B) to comply with the terms of any agreement with a Government Agency; or
 - (C) to lessen the risk of the Scheme or Members (or a class of Members) suffering a material detriment.
- (c) Units redeemed under this clause 12.12 will be redeemed at the Withdrawal Price determined under clause 11 as at the next Valuation Time after notice is given of the proposed redemption (or, if no notice is given, at the next Valuation Time after the Responsible Entity decides to effect the redemption).

13. Register of Members

13.1 Register

- (a) The Responsible Entity shall keep a register electronically or in one or more books or binders or such other appropriate means as determined by the Responsible Entity of all the names addresses and descriptions of the Members and the number of Units in respect of which they are registered and the date on which the name of the Member was entered in respect of such Units.
- (b) The Responsible Entity may establish branch unit registers anywhere in Australia.

13.2 Notice of trust

The Responsible Entity need not enter notice of any trust on the Register.

13.3 Registered Member is owner

The Responsible Entity may treat a registered Member as the holder and absolute owner of Units registered in the Member's name on the Register and is not bound to take notice of any

trust or equity affecting a Unit. Entry on the Register is conclusive evidence of a Member's title to Units.

14. Specified Time

14.1 General

The Responsible Entity may determine (and whenever it elects, vary) one or more times during each Business Day for the purposes of any or all of:

- (a) applications for Units; and
- (b) the issue of Units,

different times being applicable to different locations or methods of communication or payment. The times relevant to applications and issues may differ.

14.2 Entitlements

Unless this deed otherwise provides, the Responsible Entity will determine the record or similar date for determining Members' entitlements including their entitlements to participate in new issues and distributions of income and capital.

15. Valuation

15.1 Valuation policy

- (a) While the Scheme is Registered, the Responsible Entity's policy for the valuation of the Scheme Property, and any valuation undertaken by the Responsible Entity pursuant to that policy for the purposes of this deed, must be consistent with the range of ordinary commercial practice for valuing that type of scheme property and produce a value that is reasonably current at the time of issue or withdrawal.
- (b) While the Scheme is Registered, the Responsible Entity's policy for determining the Market Price of interests that are quoted on a financial market, and any determination undertaken by the Responsible Entity pursuant to that policy for the purposes of this deed, must be consistent with the ordinary commercial practice for determining the market price of interests of the same kind and produce a market price that is reasonably current as at the time of issue or withdrawal.
- (c) Notwithstanding any other provision of this deed, if there is any conflict or inconsistency between this clause 15.1 and any other clause in this deed, this clause 15.1 prevails to the extent of such conflict or inconsistency.

15.2 Responsible Entity's expertise

The Responsible Entity does not have any special expertise in valuing property.

15.3 Time of calculation

The Responsible Entity may calculate the Net Scheme Value at any time determined by the Responsible Entity (**Valuation Time**), but must do so, other than when in the opinion of the Responsible Entity it is not practicable to calculate the Net Scheme Value, at least twice each calendar year on the basis of the most recent valuation of each item of Scheme Property and determination of Scheme Liabilities. The Responsible Entity may calculate Net Scheme Value more than once a day.

15.4 Calculation of Net Scheme Value

The Responsible Entity must calculate the Net Scheme Value by deducting the value of the Scheme Liabilities from the value of the Scheme Property (determined on the basis of the most recent valuation of each item), each as at the Valuation Time.

15.5 Value

Subject to clauses 15.3 and 15.7, the value of any property is the market value, the net fair value, any other value appropriate to the nature of the property and the nature of the Scheme (from time to time) or any other value permitted under any applicable ASIC Instrument. Property acquired must be valued at cost as determined by the Responsible Entity until revalued.

15.6 Determining value

Subject to clauses 15.3 and 15.7, the value of any Scheme Property must be determined by:

- (a) a Valuer;
- (b) a person using a method determined by a person who is independent of the Responsible Entity; or
- (c) the Responsible Entity using any other appropriate method the Responsible Entity decides to adopt (including estimates of value based on objective criteria where actual figures are not available) which is capable of being verified independently by a Valuer.

15.7 Revaluation

The Responsible Entity may cause some or all Scheme Property to be revalued whenever it sees fit and shall do so from time to time having regard to the nature of the property.

16. Transfer while the Scheme is Registered or Listed

16.1 Application of this clause

This clause 16 applies while the Scheme is Registered or Listed.

16.2 Transfer

Subject to this deed and the ASX Settlement Operating Rules in respect of a transfer, a Member may only transfer Units in the manner the Responsible Entity from time to time prescribes.

16.3 Acceptance of transfers

- (a) The Responsible Entity may refuse to register any transfer of Units if permitted to do so under this deed or the Listing Rules, or if there is a lien over the Units.
- (b) The Responsible Entity is not obliged to register a transfer of Units that are not Listed where:
 - (i) the transferee does not meet the Responsible Entity's criteria for a Member;
 - (ii) the transfer is not duly stamped (where required) or otherwise is inconsistent with the form of transfer prescribed by the Responsible Entity; or

- (iii) any amount payable by the transferee to the Responsible Entity in respect any of the transferor's Units remains unpaid.
- (c) While Stapling applies, a transfer of a Unit will only be accepted as a proper transfer in registrable form if, in addition to the requirements of this clause 16, the transfer relates to or is accompanied by a transfer or a copy of a transfer for each Attached Security in favour of the same transferee.
- (d) Subject to the ASX Settlement Operating Rules and the Listing Rules, while Stapling applies, the Responsible Entity must not register a transfer of a Unit unless the corresponding Attached Securities are also to be transferred, or are capable of transfer, simultaneously.
- (e) A person who attempts to transfer a Unit which is not accompanied by the transfers referred to in paragraph (c), or a copy of such a transfer for the relevant Attached Securities to which a Unit is Stapled, will:
 - (f) be taken to authorise the Responsible Entity, as agent for the transferor, to effect a transfer of the relevant Attached Securities in accordance with the constitutions of each other Stapled Entity to the same transferee; and
 - (g) cause all rights to distributions attached to that Unit to be suspended until the transfers referred to in paragraph (c) relating to the other Attached Securities are also provided.

16.4 Refusal to register

- (a) The Responsible Entity must;
 - (i) except as permitted by ASX, refuse to register any transfer of Units or other Securities which are Restricted Securities if that transfer is or might be in breach of the Listing Rules or any restriction agreement entered into by the Responsible Entity under the Listing Rules in relation to the Units; and
 - (ii) refuse to register any transfer where the Responsible Entity is required to do so by the Listing Rules.
- (b) Despite clauses 16.2 and 16.4(a), the Responsible Entity must not refuse or fail to register or give effect to, or delay or in any way interfere with, a Proper ASTC Transfer of Units or other Securities quoted by ASX.
- (c) If a person has lodged a transfer which the Responsible Entity has refused to register, the Responsible Entity must, within five Business Days after the date of lodgement, give to the lodging person written notice of the refusal and the reasons for it.
- (d) Subject to clause 16.4(b), Restricted Securities cannot be disposed of during any escrow period except as permitted by the Listing Rules or ASX. The Responsible Entity will refuse to acknowledge a disposal of Restricted Securities to the extent required under the Listing Rules.

16.5 Certificates and Holding Statements for Units

- (a) Subject to clause 16.5(b), the Responsible Entity is under no obligation to and may decline to issue Certificates for Units. The Responsible Entity may, at any time, send a Member details of Units held by, Unit transactions of, or distributions to, that Member. The Responsible Entity may, with the consent of the relevant Member, cause Units

that are in a certificated form to become uncertificated. Any such change will not in any way affect the rights or obligations of the Member with respect to such Units.

- (b) Where required in relation to Stapled Units, the Responsible Entity must issue Certificates and holding statements as follows:
 - (i) while the Units or Scheme is not Listed, it must comply with its obligations under the Corporations Act regarding the issue to Members of Certificates for Stapled Units; and

 - (A) in relation to Uncertificated Holdings, the Responsible Entity must comply with its obligations under the Listing Rules and the ASX Settlement Operating Rules regarding the provision to Members of holding statements;
 - (B) in relation to Certificated Holdings, the Responsible Entity must comply with its obligations under the Corporations Act, the Listing Rules and the ASX Settlement Operating Rules regarding the issue to Members of Certificates for Stapled Securities; and
 - (C) subject to the Listing Rules, the Responsible Entity may elect not to maintain a certificated subregister and that all Stapled Units or any class of Stapled Units may only be held as Uncertificated Holdings.
- (c) The Responsible Entity may order lost, damaged or defaced Unit Certificates be cancelled and, if necessary, replaced by new Unit Certificates.

16.6 Electronic settlement

- (a) The Responsible Entity may in relation to the Scheme participate in any computerised or electronic system for market settlement, securities transfer and registration conducted in accordance with the Corporations Act, the Listing Rules and the ASX Settlement Operating Rules, or corresponding laws or securities exchange rules in any other country.
- (b) If the Responsible Entity in relation to the Scheme participates in a system of the kind described in clause 16.6(a), then despite any other provision of this deed:
 - (i) Units may be transferred, and transfers may be registered, in any manner required or permitted by any one or more of the Listing Rules, or the ASX Settlement Operating Rules, as applicable (or corresponding laws or securities exchange rules in any other country) applying in relation to the system;
 - (ii) the Responsible Entity must, in relation to the Scheme, comply with and give effect to those rules; and
 - (iii) the Responsible Entity may, in accordance with those rules, decline to issue certificates for holdings of Units that are Listed (whether as part of a Stapled Security or otherwise).

16.7 Transfer instruments

- (a) A written transfer instrument must be:

- (i) executed by the transferor or (where the Corporations Act permits) stamped by the transferor's broker; and
 - (ii) unless the Responsible Entity decides otherwise, executed by the transferee or (where the Corporations Act permits) stamped by the transferee's broker.
- (b) Subject to the Corporations Act, the written transfer instrument may comprise more than one document.

16.8 **Timing of transfer**

Except as required by the ASX Settlement Operating Rules a:

transferor of Units remains the holder of the Units transferred until the transfer is registered and the name of the transferee is entered in the Register in respect of the Units; and

- (a) transfer of Units does not pass the right to any distributions on the Units until such registration.

17. **Proportional Takeover Bid**

17.1 **Application of this clause**

This clause 17 applies while the Scheme is Registered or Listed.

17.2 **Transfers**

Registration of a transfer giving effect to a contract resulting from the acceptance of an offer made under a Proportional Takeover Bid is prohibited unless and until an Approving Resolution approving the Proportional Takeover Bid is passed.

17.3 **Voting entitlements**

A person (other than the Bidder or an associate of the Bidder) who, as at the end of the day on which the first offer under the Proportional Takeover Bid was made, held Bid Class Units:

- (a) is entitled to vote on an Approving Resolution; and
- (b) has one vote for each Bid Class Unit held.

17.4 **Meeting**

Where offers have been made under a Proportional Takeover Bid, the Responsible Entity must ensure that an Approving Resolution is voted on at a meeting of the persons described in clause 17.3 before the Approving Resolution Deadline.

17.5 **Voting threshold**

An Approving Resolution is passed if more than 50% of the votes cast on the resolution are cast in favour of the resolution, and otherwise is taken to have been rejected.

17.6 **Meeting rules**

The provisions of this deed that apply to a meeting of the Scheme apply, with such modifications as the circumstances require, to a meeting that is called under this clause as if the meeting was a meeting of the Scheme.

17.7 Notice of vote outcome

If an Approving Resolution to approve the Proportional Takeover Bid is voted on in accordance with this clause before the Approving Resolution Deadline, the Responsible Entity must, on or before the Approving Resolution Deadline, give:

- (a) the Bidder; and
- (b) each relevant financial market,

a written notice stating that an Approving Resolution to approve the Proportional Takeover Bid has been voted on and whether it was passed or rejected.

17.8 No vote

If no resolution has been voted on in accordance with this clause as at the end of the day before the Approving Resolution Deadline, a resolution to approve the Proportional Takeover Bid is taken, for the purposes of this clause, to have been passed in accordance with this clause.

17.9 Cessation of clause

This clause 17 will automatically cease to have effect upon 3 three years after the date the Scheme is Registered unless renewed in accordance with the Corporations Act prior to that date.

18. Transmission of Units

18.1 Death of joint holder

Unless law requires otherwise, the Responsible Entity must recognise only the surviving joint holders as being entitled to Units registered jointly in the names of a deceased Member and others. The estate of the deceased joint holder is not released from any liability in respect of the Units.

18.2 Death of single holder

The Responsible Entity must not recognise anyone except the legal personal representative of the deceased Member as having any title to the Units registered in the sole name of a deceased Member. If the legal personal representative gives the Responsible Entity the documents described in the Corporations Act or other information that satisfies the Responsible Entity of the representative's entitlement to be registered as holder of the Units:

- (a) subject to clauses 16 and 18.4 the Responsible Entity must register the legal personal representative as the holder of the Units on the Register as soon as practicable after receipt of a written and signed notice to the Responsible Entity from the legal personal representative requiring it to do so; and
- (b) whether or not registered as the holder of the Units, the legal personal representative:
 - (i) may, subject to clause 16, transfer the Units to another person; and

18.3 Transmission of Units on insolvency or mental incapacity

Subject to the *Bankruptcy Act 1966* (Cth), if a person entitled to Units because of the insolvency or mental incapacity of a Member gives the Responsible Entity the information it reasonably requires to establish the person's entitlement to be registered as holder of the Units:

- (a) subject to clauses 16 and 18.4 the Responsible Entity must register that person as the holder of the Units as soon as practicable after receipt of a written and signed notice to the Responsible Entity from that person requiring it to do so; and
- (b) whether or not registered as the holder of the Units, that person:
 - (i) may, subject to clause 16, transfer the Units to another person; and
 - (ii) has the same rights as the insolvent or incapable Member.

18.4 Refusal to register holder

The Responsible Entity has the same right to refuse to register a legal personal representative or person entitled to Units on the insolvency or mental incapacity of a Member as it would have if that person were the transferee named in a transfer signed by a living, solvent, competent Member.

19. Notices

19.1 Notices to Members

Any consent, notice, report, statement given, or required to be given, in writing, or cheque may be given by the Responsible Entity to a Member

- (a) by serving it personally at or by sending it by post in a prepaid envelope to the address of the Member shown in the Register or any other address as the member has supplied to the Responsible Entity for the giving of notices;
- (b) by any other means (including electronic communication) permitted by the Corporations Act; or
- (c) if the Member does not have a registered address and has not supplied another address to the Responsible Entity for the giving of notices, by exhibiting it at the registered office of the Responsible Entity.

The Responsible Entity shall convene a meeting of Members with no less than 21 days' notice given to all Members subsequent to the circulation of the aforementioned particulars and reasons. Such additions and alterations to this deed must be approved by a majority of the votes of those present at that Meeting. Upon the execution of a suitable deed, those additions and amendments shall be deemed to form part of this deed.

20.2 While Scheme is Registered

While the Scheme is Registered, the Responsible Entity may, in accordance with the Corporations Act, by supplemental deed modify, add to or otherwise delete from, this deed.

20.3 Alterations to comply with AMIT Law

While Stapling applies, the number of issued Units must equal the number of Attached Securities in each of the Stapled Entities on issue at that time.

21.3 Responsible Entity's obligations

- (a) The Responsible Entity must not do, nor refrain from doing, anything that would directly or indirectly result in a Unit no longer being Stapled to an Attached Security to form a Stapled Security, except in accordance with clause 21.4. In particular the Responsible Entity must not reorganise (within the meaning given in Listing Rules 7.18 to 7.24 (inclusive) including any consolidation, division, subdivision, cancellation, buy back of any capital) any Units unless at the same time the Attached Securities

that are Stapled to those Units are also reorganised so that the person holding Units holds an equal number of each Attached Security.

- (b) While Stapling applies, the Responsible Entity must use reasonable endeavours to ensure that Units are dealt with in a manner consistent with the constitutions of the Stapled Entities.
- (c) Subject to the Corporations Act, Listing Rules and any agreement with the issuer of the Attached Securities, the Responsible Entity may:
 - (i) from time to time cause any securities, units or interests in another entity to become Stapled so that securities, units or interests (as applicable) in that entity become Attached Securities; and
 - (ii) without limiting any other provision of this deed, effect such Stapling by distributing in specie to Members the securities, units or interests (as applicable) of such an entity. To the extent permitted under the Corporations Act, Members are deemed to have agreed to becoming members of the entity.

21.4 Cessation of Stapling Provisions

- (a) Each Unit comprising part of a Stapled Security will remain Stapled for so long as the Stapling Provisions apply.
- (b) The Stapling Provisions will cease to apply or be suspended, regardless of any other provision of this deed, if:
 - (i) the Responsible Entity makes a determination; and
 - (ii) Members of Units that are Stapled approve by Special Resolution, or
 - (iii) an administrator, manager, receiver, liquidator or similar officer is appointed to a Stapled Entity or its property (as the case may be) and the Responsible Entity resolves,

that the Stapling Provisions will cease to apply or be suspended (as the case may be).
- (c) The Stapling Provisions will cease to apply or be suspended under clause 21.4(b) above from such time as determined under the Special Resolution (in the case of clause 21.4(b)(i)) or by the Responsible Entity in its absolute discretion (in the case of clause 21.4(b)(iii)).

21.5 Stapled Security Register

- (a) The Stapled Securities must be entered into a register of Stapled Securities.
- (b) The Responsible Entity must maintain or cause to be maintained the register of Stapled Securities which records the names and addresses of the Members holding Units, the number of Units held, the number of Attached Securities held by the Members and any additional information required by the Corporations Act, the Listing Rules or by the Responsible Entity from time to time.
